TeessideHospice

It's the life we put into each day that counts

Teesside Hospice exists to enhance the quality of life for those suffering from advanced cancer and other life limiting illnesses. It offers specialist palliative care and support to patients and carers, in the belief that each person is entitled to dignity and choice through a range of services including, Inpatient Care, Day Care Service, Respite Care and Bereavement Counselling.

The majority of the charities work focuses upon pain and symptom control, but they also provide respite care to allow relatives and carers a break whilst caring for their loved ones.

Donations on the evening will kindly be matched by Barclays Business.
